# 腦力覺醒

NTU NEUROSCIENCE WEEK:  
THE BRAIN POWER AWAKENS

2017

**10/16 Mon**

地點：國立台灣大學  
心理學系北館 N100

時間：17:30~20:00

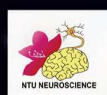

- 講師：Dr. Vincent Studer, Research Director  
單位：Institut interdisciplinaire de Neurosciences, CNRS/University of Bordeaux  
講題：Growing and Imaging Neurons in engineered micro-environments
- 講師：Dr. Bin Xu, Assistant Professor  
單位：Department of Psychiatry, Columbia University Medical Center  
講題：Contribution of rare genetic mutations to neuropsychiatric disorders

**10/18 Wed**

地點：國立台灣大學  
心理學系北館 N100

時間：14:30~17:30

- 講師：Dr. Takashi Kitamura, Assistant Professor  
單位：Dept. of Neuroscience, University of Texas Southwestern Medical Center  
講題：Neural Circuit Mechanisms for Episodic Memory Formation
- 講師：Dr. Kiyofumi Yamadaa, Director & Professor  
單位：Dept. of Neuropsychopharmacology and Hospital Pharmacy, Nagoya University Graduate School of Medicine  
講題：Dopamine-dependent memory formation & cognitive dysfunction in drug addicts.
- 講師：Professor Jane Tseng (曾宇鳳)  
單位：台大資工系/台大神認中心副主任  
醫學院藥物研究中心主任  
講題：New chemical entity with positive clinical data in human for large unmet medical need in schizophrenia
